AI Bracelet Builder

Describe it, we'll knot it

The problem

- Strings cut too long or too short
- Designing from scratch is trial and error
- Pattern tools are confusing

Reddit community members

Huge demand, but still no easy way to design.

What we built

Describe the bracelet you want. Get a pattern you can knot, with exact string lengths.

AI patterns

Easy pixel editor

String lengths

Share and remix

How it works

1

You describe it

2

AI writes a recipe

3

Engine builds the pattern

4

You get string lengths
